

## BRITISH ASSOCIATION FOR PERFORMING ARTS MEDICINE (BAPAM)

We are so pleased to welcome BAPAM to Music House. They hold a physiotherapy clinic - once a month, on a Friday at our music hub.

BAPAM offer a **FREE** consultation to every person working or studying in the performing arts. So, whether you're on stage, backstage, on set, in the studio, teaching, on tour or at college - if you have a health problem related to your creative career, they can help.

BAPAM also provide mental health support, so please get in touch with them to find out more and to book a slot at their monthly Music House clinic, via their website: <https://www.bapam.org.uk/performing-arts-medicine-clinics/>

BAPAM is a registered charity and a Care Quality Commission-regulated healthcare provider.
