## Start Your Child's Musical Journey

**Our 6-week Beginner Group Guitar Course offers a fun and creative introduction to music for children aged 7 to 14 years (Key Stage 2 and 3).**

### Why choose Guitar?

The guitar is a fantastic way for children to express themselves, develop co-ordination and build confidence. Whether they dream of playing in a band or just want to strum along to their favourite songs, this course is the perfect start.

We'll provide the guitar, so that's one less thing for you to think about.

### Your child will learn...

- Basic chord shapes and strumming techniques
- Playing simple songs to build confidence
- Developing rhythm and finger co-ordination

### The benefits of small-group lessons? (6 PLACES ONLY)

Group learning makes music fun! With the support and encouragement of their peers, kids stay motivated and inspired while still receiving personal guidance from an experienced teacher. Playing together not only enhances their skills but also makes the learning journey more exciting and engaging.

**This course is also a great foundation for those who wish to progress to 1:1 lessons in the future.**
